

No Child Left Inside: How Can We Help Connect Children with Nature?

Tuesday, June 2 • 7:00 - 8:30 p.m.
Carmack Community Room

Central Resource Library
9875 W. 87th St., Overland Park

Is there such a thing as “nature-deficit disorder”? Do children have a biological need to be exposed to the natural world? How can we make sure these opportunities are available to all children?

Join us for a thoughtful discussion led by panelists with backgrounds in urban planning, science, and education. Explore different opinions and options on helping children connect with nature and come away with ideas and insights for your own life. Refreshments will be provided.

To register, please call (913) 495-2497, visit us online at www.jocolibrary.org/issues or e-mail jclref@jocolibrary.org.
