Looking for some new books to read?
Check out the Youth Book Clubs at Johnson County Library

Johnson County Library hosts several book clubs for elementary-age kids throughout the year. Fall Book Club information is listed below. While registration has closed for fall clubs, registration for Spring Book Clubs will open at the end of November. Spots can fill up quickly, so check **jocolibrary.org** and **@jocolibrary** on social media for announcements.

Even if you're unable to participate in our Library-led events, you can still join in the fun by reading our Fall selections in your classroom or home! Download our monthly book club guides from our Book Club page, and use these resources as the basis for your own book discussions or lesson plans.

Be sure to bookmark **jocolibrary.org/youth-book-clubs** for the monthly guides, registration links when available, and information on how to pick up copies of books to be discussed. We are always happy to take your questions and comments at larkinsc@jocolibrary.org or 913.826.4600. Happy reading!
