you'll be ready for
school this fall!*

Building a better Summer Reading program

Though we may call this time of year Summer Reading – and certainly encourage families to read – we consider the program much more than reading. Summer is when you have extra free time to explore your interests and follow your curiosity in whatever ways you enjoy. We expect to interact with you more often, help you use all of our resources more frequently, and plan more activities for you. We hope to provide you with a wide variety of recreational experiences. Year-round readers have more fun. So this summer we're encouraging school-aged families – and everyone else – to read for fun . . . and do so much more. See you at the Library!
