This regulation describes the types of expenditures that may be made from the library’s special fund. It also describes the types of expenditures that may not be made from that fund but that must instead be made from the library’s operating fund. The library’s special fund was established by the Board of County Commissioners in 1979 pursuant to K.S.A. 12-1257. While the statute refers to the fund as a “special fund,” the library and Board of County Commissioners have for many years referred to the fund as the library’s “special use fund.” Both designations are sometimes used in this regulation.

EFFECTIVE DATE:

July 21, 2011

Reviewed

October 11, 2018

POLICY:

a. K.S.A. 12-1257 provides that the Board of County Commissioners, at the request of the library board, “may make an annual levy of not to exceed one mill upon all taxable tangible property within the county for the purpose of creating a special fund to be used for the acquisition of sites, and for the constructing, equipping, repairing, remodeling and furnishing of buildings for county library purposes...” In addition, the statute authorizes the Board of County Commissioners, at the request of the library board, to “issue bonds of such county in an aggregate amount not exceeding 2% of the assessed tangible valuation of such county, the proceeds of which shall be placed in such special fund and may be used for the purposes herein enumerated.

b. The following history and description of purpose of the special use fund are relevant to understanding this regulation.

1. The Board of County Commissioners has since 1979 adopted fourteen resolutions making use of the library’s special fund authority pursuant to K.S.A. 12-1257. An index of those resolutions and a summary of the stated purposes for each is set out in Appendix A of this regulation.

2. Chief counsel to the Board of County Commissioners, and counsel to the Johnson County Library, on June 21, 2006 issued a joint memorandum describing the purposes for which
the funds in the library’s special use fund may be expended. A copy of that memorandum is attached as Appendix B to this regulation.

3. On January 11, 2007, the County Auditor issued Report No. 2007-01 entitled “Library Special Use Fund Management and Financial Review.” Among other things, the County Auditor recommended that the library establish “appropriate guidelines for the use of this special fund. The guidelines should make a clear distinction between the types of expenditures allowed in the Special Use Fund and those allowed in the Library Operating Fund.”

4. The library has agreed with the recommendation of the County Auditor and has accordingly adopted this regulation.

c. The library may make expenditures from the Special Use Fund that are clearly and explicitly authorized under the terms of the statute and approved by the Board of County Commissioners. In addition, the following expenditures are appropriately made from the Special Use Fund:

1. Amounts sufficient to service the debt incurred by the library under the terms of K.S.A. 12-1257.

2. Sums paid for construction, renovation, or library infrastructure projects for which the Board of County Commissioners has granted budget approval.

3. Sums used to pay for major technology upgrades that include servers, routers, substantial hardware acquisition, and software acquired with budget approval granted by the Board of County Commissioners.

4. Transfers of funds from the Special Use Fund to Project Accounts for expenditures for approved construction or major maintenance projects. Project accounts shall continue to be maintained for such projects. Such accounts may be maintained over the course of more than one budget year to pay for authorized projects given budget approval by the Board of County Commissioners.
Types of Expenditures That May Not Be Made From the Special Use Fund

d. The following expenditures may not be made from the library’s Special Use Fund but must instead be made from the library’s Operating Fund:

1. All personnel expenditures.

2. Expenditures made with respect to ongoing or day-to-day maintenance or repair of library facilities and properties.

3. Expenditures made for ongoing day-to-day property and facility maintenance items such as snow removal and lawn care. This prohibition extends to items of equipment, such as lawn and garden tools, that are used in such ongoing or day-to-day maintenance.

4. Expenditures that relate to the annual replacement of staff and public computers, copiers, furniture, vehicles, and other equipment that is acquired and used by the library on a three to five year cycle or more.
