How is the progress of finding a new location for Corinth Library going?

I would like to know why you do not update your search system? Unlike many search engines for companies, stores etc.if you get a letter wrong etc they will still find it or give you suggestions. With your system, everything must be exact or you're just out of luck. Horrible search engine.

National Library Week

Organized by the American Library Association, National Library Week is “an annual celebration highlighting the valuable role libraries, librarians, and library workers play in transforming lives and strengthening our communities.” This year’s theme was *Find Your Joy* – and we came together in many ways to do exactly that.

Our Summer Sale Series kicked off with a members-only event at the Book Nook, and – at long last – we launched *Friends Connect*, a virtual Library learning series just for Friends. A big thank you goes to Collection Development Manager Lacie Griffin for a presentation on intellectual freedom and collection challenges.

This month’s Banned Books Book Club read and discussed George Orwell’s *1984*, and was facilitated by Friends staff member August Spallo, who brought expertise to the conversation from his years of experience teaching the book in high school classrooms.

Library Advocacy

The Kansas Legislature adjourned *sine die* in the early morning hours of Saturday, April 11. Here’s a final update from this legislative session, focused on the bills that made it to Governor Kelly’s desk.

Volunteer Recognition

During our annual volunteer appreciation luncheon, we recognized several volunteers for their outstanding service at Johnson County Library.

- **Lifetime Volunteer Appreciation** – The Lifetime Achievement Award recognized a very rare group of volunteers who have dedicated over 4,000 hours of service. Sue Broski has contributed 4,695 hours as a Blue Valley Branch and Friends volunteer. Karen Kidd has contributed 4,388 hours Friends and book reviewer volunteer. Together, they have contributed \$315,997.57 worth of in-kind service.
- **Club 2080** – Friends volunteers Linda McNulty, Jean Ann Moster, and Phil Alejos were honored for each contributing the equivalent of One full time year of service or 2,080 service hours in their volunteer tenure.
- **Above and Beyond Awards** – This group of Library volunteers were recognized by staff and fellow volunteers for their Above and Beyond service in the last year. Honorees included: Jennifer Ancell, Kathy Anderson, Carol Bailey, Marsha Bennett, Mary Bichsel, Lyn Bowers, Amy Burgess, Glenda Carden, Darlene Jerome, Indraneel Kasuba, Chris Koetting, Benny Lin, Jim Moseley, Ananya Santhosh, Manjot Singh, Linn Speak, Stann Tate, and Ann Zimmerman.

Summer Teen Volunteers

Recruitment is currently underway for summer teen volunteer program. This is an opportunity to train with library staff to support our Summer Reading Program. Teenagers aged 13 and older will help us with distributing summer reading books, helping with circulation tasks, and summer programs. We anticipate between 70-100 teenagers will assist with these volunteer opportunities during summer 2026.

Volunteer Trends – Flexibility

Did you know that the Kansas City metro ranks #11 in the nation for volunteerism? Despite this desire to serve, younger generations -- Gen Z/Millennials -- are looking for more short-term, flexible, and hybrid volunteer opportunities. Opportunities like our summer teen volunteer program allow the flexibility to select two-hour shifts any of the hours the Library is open. This allows teens to serve around extra-curricular activities, jobs, and vacations. One-time weekend opportunities helping with Friends Book sales and library programs also engage adults who work full-time jobs. Opportunities like being a book reviewer, testing jigsaw puzzles, and making bookmarks for our Home Connect patrons, allow people to work on these tasks from home as their schedules permit.

Library Lets Loose Chairs – The Foundation would like to thank Bonnie and Chris Limbird for being the Chairs of Library Lets Loose 2026. Bonnie is currently a member of the Foundation Board, where she serves as the People Committee Chair. Additionally, she is an active volunteer with the Arts Council of Johnson County. Bonnie is a former Prairie Village City Council Member and works for SFS Architecture as a Senior Interior Designer.

For the past 15 years, Chris Limbird is Senior Engineer for Burns & McDonnell in Kansas City. Their daughter, Abi, is finishing her sophomore year at the University of Maryland in College Park, Maryland, where she is majoring in English and Media Studies.

We thank Bonnie and Chris for their ongoing support and leadership in our library community. Library Lets Loose 2026 will be on Saturday, September 19th at the Central Resource Library. The theme for 2026 is 80s Movies!

Library Field Trips – As part of our 2026 Fundraising Wish List, Library Field Trips are being promoted as a need for the Johnson County Library. Articles are published in the Summer Guide and the Open Book this month. The response has been wonderful with over \$2,500 raised of the \$5,000 goal. Several 3rd grade teachers have reached out and shared their support of the program. We are excited to expand and formalize this program working with the staff at branches and the regional librarians.

The next Fundraising Wish List item to highlight this summer is outreach for Home Connect. We would like to expand the program to reach more people who need library materials sent directly to their homes.

The Fundraising Wish List is the fundraising priorities of the Johnson County Library. They were voted on by Department Managers and approved by the Foundation Board. Each year they are updated to reflect the needs and opportunities of the Library.

Anjali Panyda is the new President-Elect – With Dr. Amanda Vega-Mavec moving to the Library Board, the Foundation Board had an election in March for the next President-Elect. It is with great pleasure we announce Anjali Panyda has been elected to this role. She has been a member of the Foundation Board since 2022 and has been very involved with Library Lets Loose, including serving as co-chair. Thank you Anjali for your leadership service.

Governor vetoing the bill after Sine Die; no override is permitted so the veto is sustained and the legislation fails to become law.

Features of CCR for HB 2043

- Property tax revenue threshold based on the three-year average of the Midwest Cities Consumer Price Index (CPIU-M) or a three percent cap, whichever is lower
- Petition of budget proposals exceeding could be overturned via signatures from 10% of voters which could be mailed in on Revenue Neutral Rate statement
- Bonding and indebtedness were excluded from the revenue cap threshold.
- Abatements and TIF districts treated as new growth when returning to the tax rolls

PUBLIC COMMENTS:

A written comment is included in the April Board Report.

REMARKS FROM THE LIBRARY BOARD OF DIRECTORS:

None.

REMARKS FROM THE LIBRARY BOARD CHAIR:

Board Chair Mendoza reflected that the meeting marked their final session on the Library Board, noting that serving over the past four years had been an honor and a privilege since the initial invitation from Commissioner Hanzlick. He shared that working alongside staff and fellow board members had been an eye-opening and rewarding experience, reinforcing their belief that the library system was among the best in the nation due to the dedication of its staff and strong leadership. Board Chair Mendoza recalled beginning his tenure by voting to appoint the current County Librarian and expressed pride in accomplishments such as removing barriers to accessibility, eliminating fines, providing printing allowances, and opening the Merriam Plaza branch. He closed by expressing gratitude for the opportunity to serve and confidence in leaving the board in capable hands with incoming member Amanda Vega-Mavec.

DEVELOPMENT DEPARTMENT REPORT

Amber Bourke Slater, Volunteer & Friends Engagement Coordinator, presented on behalf of the Development Department combining the Friends of the Johnson County Library, the Johnson County Library Foundation, and the Johnson County Library Volunteers. The written reports are included in the April Library Board Report.

Ms. Bourek Slater provided a brief update, noting that board members had received invitations to the Foundation's 1952 Society event scheduled for Friday, April 24, at 6:00 p.m. in Carmack, featuring national presenter Baratunde Thurston. She shared that National Volunteer Appreciation Week was about to begin and reminded attendees to RSVP for the volunteer appreciation lunch the following Friday. She recognized several teen volunteers who had contributed significant hours, noting that 17 volunteers collectively represented 25% of all teen volunteer hours, with five attending the meeting. She highlighted Taylor Jenson for contributing 56 hours, Joshua Kanarek for 110 hours, Sahana Nirmal for 94 hours, Etina Roelofs as a repeat honoree with 75 hours, and Nina Wang for 55 hours, acknowledging their leadership and service across circulation tasks, summer reading activities, Math Day, Friends book sales, and donation events.

County Librarian, Tricia Suellentrop, expressed appreciation for the teen volunteers, noting that her own career began in teen services and emphasizing how meaningful it was that teens represented 46% of the library's volunteer base. She highlighted the value of their work and leadership. Ms. Dietz added that the strong group of young volunteers showed a bright future.

In response to a question from Mr. Sims, Ms. Bourek Slater explained that the Foundation's fundraising wish list was developed by department managers and approved by the Foundation Board to guide supporters toward specific needs, with options ranging from \$5,000 to \$100,000 and the flexibility for donors to contribute partial amounts. Light-hearted remarks followed, and the group expressed enthusiasm about the opportunities the wish list represented.

County Commissioner

Commissioner Julie Brewer briefly shared recent reading before reporting on items from the Board of County Commissioners meeting. She highlighted a pilot collaboration between the Library and the Johnson County Museum to distribute a limited number of museum passes through library branches to reduce access barriers, with a suggestion to explore transit routing information for patrons using Johnson County Transit. Commissioner Brewer also summarized key findings from the annual statistically valid community survey, reporting that residents rated Johnson County highly as a place to live (94%), raise a family (94%), work (87%), and retire (66%), all well above national averages. She noted improvements in overall satisfaction with county services, especially regarding the sheriff's office and perceived tax value, while identifying transit as an area below national benchmarks and a focus for future improvement. Commissioner Brewer concluded by mentioning that the Commission had taken action on three transit-related items aimed at strengthening the county's transit response.

BOARD COUNSEL REPORT

Mr. Andrew Logan, Board co-counsel, reviewed the Budget Review Process and Kansas Cash Basis Law.

Mr. Logan explained that he had been asked to provide an overview of both the Library's budget review process and the Kansas Cash Basis law, noting the timely relevance of this information as the Board was being asked to consider the proposed budget that evening. He described the statutory framework under K.S.A. 12-1225b, emphasizing that the Library Board's role was to make a budget recommendation to the Board of County Commissioners for final approval. He reviewed the Library's administrative regulation governing the budget process, outlining how the Budget Committee engaged in a multi-month review beginning in October and continuing through several meetings with staff and consultation with the County Manager's Office. This review included examination of new spending requests, capital improvement projects, and other financial considerations before culminating in the

recommended budget presented for Board action. Mr. Logan noted that once the Board approved the recommendation, the budget would move to the County Manager and the Board of County Commissioners, who would finalize all county budgets in August, including evaluation of the revenue – neutral rate – a requirement introduced in 2022 that compares assessed valuation to the prior year’s mill levy.

Mr. Logan explained that the Kansas Cash Basis law applied when the Library entered into multi-year contracts or agreements extending beyond a single calendar or budget year. He noted that under K.S.A. 10-1101, government entities were prohibited from obligating themselves to make payments beyond the current budget year, meaning no contract could legally commit funds past December 31 unless appropriated in that year. Because of this requirement, staff and legal counsel consistently ensured that all contracts with potential expenditures in future years included the necessary Cash Basis language, preserving the governing body’s annual budget authority. He emphasized that staff regularly identified contracts where this issue might arise, and legal counsel ensured that each agreement fully complied with the statute.

COUNTY LIBRARIAN REPORT

Finance Report

Dave Vratny, Finance Director, presented the financial report to the Board, this report is included in the April Board Report.

Mr. Vratny reported the Johnson County Library’s Total Revenue Report, from the end of February 2026, 17% into the fiscal year. The library had collected approximately \$27.8 million in revenue, or about 43% of the annual budget. Expenditures totaled \$15.2 million, or roughly 24%, also tracking appropriately for this point in the year.

Legislative Updates

Mr. Vratny reviewed two pieces of legislation under debate in Topeka, House Bill 2745 and Senate Concurrent Resolution 1616.

He then updated the Board on legislative activity, explaining that House Bill 2745 had been vetoed by the governor and was pending possible override attempts, while Senate Resolution 1616 had failed and Senate Resolution 1603 could potentially reappear during the veto session.

Department Trends: Expenditure History

Dave Vratny, Finance Director, presented the Expenditure History report to the Board, this report is included in the April Board Report.

Mr. Vratny also reviewed multi-year spending trends in collections, IT, facilities, and programming, highlighting increases driven by projects such as audiovisual upgrades and rising technology costs due to market pressures. He summarized debt obligations, noting recent repayments and anticipated borrowing for the Corinth Library replacement. He concluded with an overview of payroll spending, outlining growth in salaries, healthcare, and retirement contributions.

In response to a question from Ms. Dietz regarding the trend of payroll expenses being concerning, Mr. Vratny shared that current staffing levels and expenses appeared sustainable, and the library is prepared to adjust by holding or eliminating vacant positions if revenue conditions required.

COMPREHENSIVE LIBRARY MASTER PLAN

Megan Levitt, Project Coordinator, and Scott Sime, Project and Events Manager, presented on the Comprehensive Library Master Plan, these reports are included in the April Board Report.

Spring Hill and De Soto

Megan Levitt, Project Coordinator, provided updates on the Spring Hill and De Soto renovation projects.

Ms. Levitt reported on progress for the Spring Hill and De Soto projects, noting significant construction and installation milestones. At Spring Hill, parking lot work had been completed, interior lighting, walls, and carpeting were in place, and a new dormer window was added to enhance natural light. At De Soto, the project had reached substantial completion following the initial punch-list walk, with shelving installed and books already on the shelves. She highlighted features in the children's areas at both sites, including themed carpeting and an interactive glass-covered marker board wall. Ms. Levitt outlined upcoming tasks such as technology installation, mural and poem installations, and other owner activities. She confirmed that De Soto staff training and patron communications were underway in preparation for the April 23rd reopening, and that Spring Hill was preparing for site turnover ahead of its June 3rd reopening.

Overall Timeline

Scott Sime, Project and Events Manager, reported on the Capital Improvement Plan (CIP) timeline and Capital Replacement Plan (CRP) 2026 timeline are included in the April Board Report.

Mr. Sime reported that the capital project timelines remained unchanged from the previous month. He noted that Cedar Roe was temporarily closed for building improvements focused on restroom and plumbing work, with reopening still expected in June. Leawood remained open while courtyard construction continued, and Shawnee also stayed open during roof improvement work.

Comprehensive Library Master Plan Refresh Update

Scott Sime, Project and Events Manager, Comprehensive Library Master Plan Refresh Update, are included in the April Board Report.

Mr. Sime provided a brief update on the Comprehensive Library Master Plan refresh, noting that weekly coordination with the consultant continued as they gathered existing data and reviewed the initial draft work plan. He explained that revisions were underway and that planning had begun for public and staff engagement, which was expected to take place in late summer or early fall.

UPDATES – Tricia Suellentrop, County Librarian

Ms. Tricia Suellentrop, County Librarian, reported to the Board.

County Librarian Suellentrop introduced an update on poetry installations tied to recent building renovations, noting that the library had previously commissioned local poets for new facilities and chose this time to invite teen poets through the Elementia literary magazine. Working with the theme of legacy, two teen poems were selected, and poet Brooke Zerbs was invited to read her piece. Brooke described how her teachers encouraged her writing and how a World War II film inspired her poem "Liza, Dear Liza," which she then read to the Board. Board members and attendees

commended her talent and creativity, and County Librarian Suellentrop expressed appreciation for Brooke’s courage and for the educators and family who supported her. County Librarian Suellentrop announced that Brooke’s poem, along with one by Candace Dilks, would be permanently installed in the renovated libraries.

Corinth Replacement Update

County Librarian Suellentrop reported that there were no new developments on the Corinth replacement project.

Museum Passes

County Librarian Suellentrop highlighted a new collaboration with Parks and Recreation and the Johnson County Museum to offer patrons five free individual museum passes per week at each library location, totaling 70 weekly and potentially 3,500 annually. Distribution could be adjusted during the pilot based on demand and passes initially required an in-person pickup. Ms. Suellentrop noted the program’s alignment with both museum and library goals to reduce barriers and expand access, as well as its connection to World Cup community engagement efforts extending into 2027.

Ms. Suellentrop then recognized outgoing Board Chair Jeffrey Mendoza for leadership and service, reflecting on key accomplishments during the tenure, including major building projects and county committee work, and presented traditional parting gifts—a bouquet containing a gavel and a selected book, “Lead Like a Marine,” with a commemorative bookplate.

Commissioner Brewer further explained that when a district is approved for TIF funding it is typically on land where nothing is built, as things change on the land then that changes the value and produce more property taxes. The tax assessment is based on the land condition before the development happened. Mr. Vratny confirmed that is accurate.

In response to a question from Ms. Dietz regarding pricing benefits of multi-year contract, Ms. Beesley explained that the longer-term structure incorporates provisions related to the Kansas Cash Basis rule and includes varying rate-increase limits across line items.

Mr. Sims noted that Olathe reimburses approximately 27% of the cost, meaning the full amount is not borne solely by the Library.

Board Chair Mendoza expressed appreciation as he prepared to conclude the meeting, introducing Dr. Amanda Vega-Mavec as his successor on the Board and noting the Board's good fortune in having Amanda step into the role. He then Introduced the Library Board Members.

**II. Overview and Background for the Extended Access Services Concept
a. Pilot project at Spring Hill**

County Librarian Tricia Suellentrop, presented on the overview and background for the extended Access Services, this report is included in the 2026 April Joint Board Report.

Ms. Suellentrop explained that Extended Access was developed to expand hours at smaller branches, in partnership with DTI and Risk Management, and funded outside the CIP. The pilot allowed registered adult patrons to enter the Spring Hill branch during unstaffed hours and use key self-service features, supported by existing multi-layered security.

During the presentation, Commissioner Hanzlick referenced historical photos of examples of self-service libraries in Spring Hill and Roeland Park, which staff confirmed. Commissioner Brewer

and others acknowledged the thoughtful design of the pilot, including its ability to add morning and evening access.

Ms. Suellentrop highlighted that the pilot nearly doubled the branch's available hours, aligned Spring Hill's schedule with larger branches, and reflected public interest in broader access. She also noted that priorities from the Spring Hill and De Soto studies informed the work and that De Soto could be considered in the future if the pilot succeeded. Staff planned periodic check-ins with the Library Board, acknowledged that patron adoption might take time, and confirmed that risks were thoroughly evaluated and access would be limited to registered adults. Ongoing community partnerships and engagement in Spring Hill were emphasized as part of implementation.

In response to a question from Chairman Kelly, Ms. Suellentrop noted that Extended Access did not significantly increase liability insurance costs because existing security measures—such as cameras and controlled access—were already in place. In response to a question from Commissioner Ashcraft regarding volunteers being available during Extended Access hours, Ms. Suellentrop explained that Friends volunteers would not assist patrons during the pilot, though users could still contact staff by phone or email as needed. Chair Mendoza mentioned the Book-a-Librarian service and Ms. Suellentrop described the service could be available to patrons at Spring Hill and confirmed that an emergency phone would be available inside the building. In response to a question from Chair Kelly about evaluation, she stated that the Library would review usage data at six months and again after a full year to understand patterns across seasons and bring those reports back to the Library Board. In response to a question from Commissioner Brewer, Ms. Suellentrop confirmed that the Spring Hill Police Department has been informed of extended hours and that the Library's security specialist is coordinating directly with the police chief; she added that emergency responders would have access to the building through a Knox Box. In response to comments from Ms. Dietz, Ms. Suellentrop affirmed that gathering community feedback was an intentional part of the pilot and that the Library aimed to build strong local relationships as the service launched.

III. Corinth Replacement Update

Adam Wathen, Associate Director of Branch Services, presented on the overview and background for the extended Access Services, this report is included in the 2026 April Joint Board Report.

Mr. Wathen provided an overview of the Corinth Library replacement effort, noting that the project had been prioritized since 2011 and formally included in the 2015 Comprehensive Library Master Plan (CLMP). A 2019 feasibility study with Prairie Village showed public support for a new, modern branch, though that work paused during the pandemic. Collaboration resumed in 2022 through the Harmon Park study until the City ended the effort in 2024. In 2025, the Library Board directed continued site exploration, including an unsuccessful YMCA bid and review of multiple alternatives, while approving project funding in the County's 2026 budget. He explained that replacement was necessary due to the building's poor condition, insufficient space, outdated layout, limited accessibility, and ongoing maintenance challenges. Site evaluations revealed significant constraints at the current location, prompting consideration of new options, including the Prairie Village Municipal Campus. He noted that funding would follow the Library's established CIP model using reserves and bonding and highlighted the organization's long record of on-time, on-budget capital projects. Remaining decisions included site approval, potential BOCC ratification, and subsequent architectural and construction actions before the project could proceed.

During discussion, Commissioners and attendees examined workforce housing, co-location, service distribution, and partnership options for the Corinth Library. In response to a question from Commissioner Hanzlick about incorporating workforce housing, Mr. Wathen said it had not been considered and had only recently entered discussion. In response to a question from Chair Kelly regarding co-locating on county or city campuses and referenced LAND policy, Mr. Wathen affirmed a preference for co-location and noted the Library Board's ownership of the current property. In response to a question from Commissioner Ashcraft regarding service in the northeast, clustering, and optimal placement, Mr. Wathen described a countywide, regional service model guided by the CLMP, amenity needs (including a large meeting room lost after Antioch's sale), and continued service for the Corinth service area. Commissioner Allenbrand and Library Board Member Ms. Huff urged developer outreach and BOCC support with Prairie Village. Commissioner Brewer shared that she had previously highlighted "putting assets to work" and the adopted LAND Policy with the Library Board, as the liaison to the board. In response to a request for a status update from Commissioner Chairman Kelly, Mr. Wathen reported concurrent site evaluations and a City-proposed co-location under test fits are currently underway.

IV. Comprehensive Library Master Plan (CLMP) Refresh Update

- a. Progress to Date and Scope
- b. Future Milestones and timeline

Scott Sime, Project and Events Manager, presented on the Comprehensive Library Master Plan (CLMP) Refresh Update, this report is included in the 2026 April Joint Board Report.

Mr. Sime provided an overview of the CLMP Refresh, noting that the original 2015 plan had guided major improvements in facilities, staffing models, technology, and infrastructure over the past decade. He explained that changing community expectations, new service needs, and lessons from the pandemic made it the right time to renew the plan's long-term vision. The refreshed CLMP would extend the Library's planning horizon by 30 years, supported by broad engagement with staff, partners, and the public. He summarized the project's structure, including Core, Steering, and Sanctioning Teams, and outlined the phased process with consultant BerryDunn, covering environmental scanning, engagement, assessment, and development of the updated plan. He shared that groundwork in 2025 established internal teams and initiated data collection, and that early 2026 work focused on providing extensive system data and preparing for engagement expected to begin later in the summer.

Mr. Sime shared the tagline for engagement: "Our Next Chapter Starts with You!"

In response to a question from Commissioner Ashcraft regarding the length of time buildings are typically debted, Mr. Sime shared that the Library usually debts projects for 20 years.

Commissioner Allenbrand expressed her support on doing the refresh of this study now, with the growth taking place in De Soto and Gardner.

V. Intellectual Freedom in the Library

Adam Wathen, Associate Director of Branch Services, presented on the Intellectual Freedom in the Library, this report is included in the 2026 April Joint Board Report.

Mr. Wathen explained that Johnson County Library's commitment to intellectual freedom was grounded in its mission to provide unrestricted access to ideas, information, and experiences. He noted that the Library's policies ensured open access for all patrons, placed responsibility for minors' selections with parents, and applied these principles across collections, digital resources, meeting rooms, and free-speech areas. He highlighted the Library Bill of Rights and Freedom to Read statements, which directed the Library to represent diverse viewpoints, resist censorship, protect privacy, and remain nonpartisan. He also described the statutory framework that maintained the Library Board's independent authority over collections while preserving checks and balances with the county. Finally, he emphasized that while access was the priority, the Library limited use only when patron behavior disrupted others, applying suspensions carefully to maintain a safe and open environment for community engagement.

The discussion focused on clarifying public access to library rooms and ensuring consistent handling of free-speech activity.

In response to Commissioner Brewer, Mr. Wathen acknowledged that some patrons misunderstood meeting rooms as private "safe spaces" rather than public spaces and stated that the Library had been working on ways to improve how this was communicated. In response to Library Board Member Ms. Hrabe, Mr. Wathen confirmed that some larger rooms were not public meeting rooms and agreed that differences among room types could have more clarification. In response to Chair Kelly, Mr. Wathen explained that the Library communicated room designations through signage and online reservation language and confirmed that future building planning included evaluating the appropriate mix of public and nonpublic spaces. Library Board Member Ms. Kilgore's suggestion that reservation language could more clearly state that groups could not refuse public entry when using public meeting rooms. Library Board Member Ms. Dietz called for continued work toward greater clarity and consistency in room classifications and communication. In response to Commissioners Chairman Kelly's questions about future space planning, Mr. Wathen shared that regional managers were assessing which rooms are designated as meeting rooms and how meeting rooms were used. Commissioner Brewer expressed that she did not feel that the general public understood the distinction between meeting rooms and other room types and supported exploring clearer naming conventions.

In response to Commissioner Chairman Kelly's questions regarding free-speech zones, Mr. Wathen explained that staff were receiving training—including scenario practice related to First Amendment auditors. Mr. Wathen also noted ongoing coordination with the Sheriff's Office to clarify trespass procedures and strengthen policy language. Chairman Kelly offered and requested clarity on how the BOCC can continue to support the Library in this work, Mr. Wathen emphasized promoting the Library as a space for everyone and ensuring staff felt backed by leadership and Human Resources when enforcing policies.

In response to Commissioner Brewer's concerns about multiple police jurisdictions and varying responses, Mr. Wathen noted that the Library maintains relationships across jurisdictions and relied on standard guidelines and trespass documentation for consistency. In response to Library Board Member Huff question regarding formal Police liaisons in each city, Mr. Wathen noted that while the Library did not have formal liaisons in each city, its security manager-maintained relationships across jurisdictions and that policing partnerships could be incorporated into future City MOUs.

VI. Amenities Generally Found at County Wide Facilities

Board of County Commissioner, Chairman Kelly, led a discussion on coordinating countywide amenities and the emerging LAND policy, noting opportunities to align development—including affordable housing—when county or Library sites undergo major reinvestment. In response to a question from Commissioner Brewer regarding if Library assess could be included in a countywide inventory, County Librarian Tricia Suellentrop indicating this could be explored operationally and incorporated into the CLMP Refresh. Commissioner Huff emphasized that the Library Board would need further discussion, given its caution around land ownership.

Commission Chair Kelly also encouraged future alignment on sustainability initiatives, referencing EV-charging grant opportunities that the Library did not take advantage of.

VII. Questions and Discussion

Commissioner Hanzlick highlighted the difficult budget year and asked that the Library remain mindful of broader county fiscal pressures despite its independent authority.

Commissioners Brewer and Allenbrand expressed appreciation for the Library’s budgeting efforts, noting a lower budget this year than last year, and ongoing service growth.

Commissioner Hanzlick mentioned that the book return at Oak Park needs attention.

Re: Memorandum of Understanding with Elections

Issue: Partnership with Johnson County Elections

Suggested Motion: *This item is on consent; an individual motion will only be needed if pulled from consent.*

I move the Library Board of Directors approves the Memorandum of understanding between JCL and Elections for the years 2026 and 2027.

Background: Johnson County Library (JCL) and Johnson County Elections (JCE) first entered into a formal Memorandum of Understanding (MOU) in 2022. This agreement continues to support a longstanding partnership between JCL and JCE to utilize libraries as election spaces, training spaces, and ballot drop box locations

In 2025 the agreement was streamlined to include a Service Level Agreement (SLA), allowing for greater flexibility in operational details such as use of specific meeting rooms, points of contact, and schedules for election setup. We intend to work with JCE to increase ballot box locations

We intend to renew for two years to avoid Federal Election year for JCE.

Analysis: No issues have arisen in the use of Library spaces by JCE. Our library buildings remain a strong choice for polling places because we easily provide access to technology and accessibility requirements.

The amount of library staff time required to support this MOU is minimal. Hosting ballot boxes has no negative impact on staff workload.

Funding Overview: Not applicable

Alternatives: Partner on an informal basis for 2026-2027 calendar year. Completely discontinue the partnership. Continue an annual MOU cycle.

Recommendation: To approve the memorandum of understanding with Johnson County Election Office.

Re: SirsiDynix Software Renewal

Issue: Annual renewal of the integrated library system software as a service with SirsiDynix in an amount not to exceed \$357,560.39.

Suggested Motion: *This item is on consent; an individual motion will only be needed if pulled from consent.*
I move to approve the spending authority for the second-year renewal of the SirsiDynix agreement for \$357,560.39 in 2026.

Background: SirsiDynix provides the Library's Integrated Library System (ILS) software - the core service that enables many day-to-day functions in the Library. The ILS maintains records for all items in the collection, all patron cardholders, and all account activity performed. Patrons interact with the ILS whenever they use the web catalog, self-check machines, and automated sorters. Library staff interact with the system through the Workflows client application to manage the entire lifecycle of an item in the collection. A new five-year agreement was approved by the Library Board in December 2024, covering 2025 – 2029. In May 2025, the Library moved to software as a service (SaaS) model.

Analysis: The Library is under a five-year agreement with SirsiDynix, starting in January 2025, keeping our costs at a 2.9% annual rate of increase for some services and 4% annual rate of increase for other services. New added services will have separate agreements with SirsiDynix with varying yearly rates of increase. The costs in this year's renewal invoice fit this standard though the dates have changed due to the move to SaaS. This year's invoice reflects a change to the renewal date based on the migration to SaaS. There are line items in the invoice that reflect a catch-up due to the move from the previous January – December term to the new June – May term. This results in a slightly higher cost in 2026. The rate of increase is anticipated to normalize with the renewal in June 2027.

The Johnson County Library Board of Directors is required to approve all library purchases of \$150,000 or more. Pursuant to K.S.A. 12-1225b (b), the Library Board and County Librarian must comply with purchasing policies established by the BOCC.

Funding Overview: JCL IT 2026-2029 operating budget takes into account the costs for SirsiDynix services and the agreed upon rate of increases. Olathe Library is billed for their portion of this renewal through the Interlocal Agreement.

Alternatives: Find another solution for JCL's and OPL's integrated library system. Remove services (line items in the invoice) from the existing agreement with SirsiDynix.

Recommendation: JCL staff recommends approval of this spending authority for years 2026. JCL staff anticipates pursuing renewal of this agreement for the Library's integrated library system in 2027, for years 2027-2029.

Budget Review: The County Librarian and the Finance Director have reviewed and approve this expenditure and planned expenditures.

Legal Review: This has been reviewed and certified by legal counsel.

Attachment: Renewal quote from SirsiDynix can be found for review by the Library Board in the Board portal. Quote is not included with the Library Board packet for security purposes to safeguard the Library's information technology systems.

Re: BiblioCommons Renewal with Multi-Year Agreement (For Information)

Issue: The annual renewal of the BiblioCommons agreement in an amount not to exceed \$208,505.78.

Suggested Motion: *This topic is being presented as an informational item this month.*

I move that the Johnson County Library Board of Directors approves the BiblioCommons Order Form #00004840 and spending authority for the contract in the amount of \$208,505.78 in 2026, subject to an annual 4% price increase for 2027 and 2028, with an optional extension under the same terms for 2029 and 2030.

Background: BiblioCommons offers several services used to create the patron's online experience interacting with the Library's (JCL's) collection and services.

- BiblioCore is the web catalog that allows exploration of JCL and Olathe Public Library (OPL) physical and online collections, including:
 - place holds and add materials to personal "shelves"
 - manage account and renew, pay fees
 - write and read community reviews
 - explore published reviews from respected sources like Publishers Weekly and Booklist
 - find staff recommendations and make one's own lists
 - seamlessly authenticate to the Library's subscription resources like research databases
 - connect to collections at Kansas City Public Library and Mid-Continent Public Library in search results
- BiblioEvents is the online calendar of events where patrons discover and register for upcoming events.
- BiblioApps provides convenient mobile-friendly access to JCL's catalog on a variety of devices.
- BiblioCloudRecords create a dynamic connection to the Library's OverDrive/Libby digital collection that updates holdings automatically in the catalog, eliminating JCL staff processing time.
- BiblioWeb is the content management system for the public website.
- New this year, JCL is also adding BiblioLanguages as an add-on to the web catalog, BiblioCore, for language translations.

The BiblioCommons Library Subscription Master Agreement was renewed in 2025. The Library Subscription Master Agreement governs this renewal under the Order Form.

Due to the critical nature of the above services, which are core to patrons' experience, we have requested a three year contract to lock in pricing for the next three years, with available renewal clauses for years four and five. This agreement locks in a 4% annual riser; the increase in price between 2025 and 2026 was 4.6%.

Analysis: Johnson County Library and Olathe Public Library have their own instances of the web catalog allowing specific branding and administration tools. Some lines on the BiblioCommons invoice will be partially funded by OPL through the Interlocal Agreement. The renewal is paid by JCL then reimbursed at the agreed upon rate.

Funding Overview: These renewals of existing services are paid from the Operating Fund, and applicable JCL departments have budgeted accordingly for 2026-2027.

Alternatives: Authorize the contract for only one year; not authorize the spend on specific services; seek replacement solutions for web catalog and other online services.

Recommendation: Staff recommends the approval of the BiblioCommons renewal for a three year period.

Purchasing Review: The Johnson County Library Board of Directors is required to approve all library purchases of \$150,000 or more. Pursuant to K.S.A. 12-1225b (b), the Library Board and County Librarian must comply with purchasing policies established by the BOCC.

Budget Review: The renewal costs with the addition of BiblioLanguages are included in the 2026 budget.

Re: Update ARM 10-50-10 Bylaws of the Board of Directors (For Information)

Issue: Consideration to approve revisions to Administrative Regulation Manual (ARM) policy.

Suggested Motion: *This topic is being presented as an informational item this month.*

I move that the Johnson County Library Board of Directors approve revisions to Administrative Regulation Manual 10-50-10.

Background: Each year library staff review one third of our policies or Administrative Regulations Manual (ARMs). The following ARM, ARM 10-50-10 Bylaws of the Board of Directors has been reviewed based on and are being shared with you for information today. Highlighted below are the changes staff is recommending.

Updates are being proposed to the Standing Committees, Personnel Committee, Vice Chair Duties, and Executive Session sections following guidance from the Library Board Personnel Committee. Since updates to the Kansas Open Meeting Act (KOMA) in July 2025, holding Personnel Committee meetings that enter executive session to discuss non-elected personnel matters for privacy protection has become more complicated. As a result of these KOMA changes, the Personnel Committee has requested that its duties, including the Personnel Review of the County Librarian, be carried out by the full Library Board under the leadership of the Vice Chair.

These changes will be incorporated through bylaw revisions.

Analysis: Members of a working management team in consultation with various stakeholders, reviewed several policies this year. The following ARM does have changes.

10-50-10 Bylaws of the Board of Directors: Updates to Standing Committees, Personnel Committee, Vice Chair Duties, and Executive Session sections based on direction of the Library Board Personnel Committee.

Funding Overview: No costs were affected.

Alternatives: Suggest any other changes you wish to see to these policies or not approve our recommendations.

Recommendation: Adopt revisions to ARM 10-50-10 at the June Library Board meeting.

Budget Review: None needed.

Legal Review: This policy has been reviewed and certified by legal counsel.

Re: Resolution JCL 2026-01 authorizing temporary access to exterior surveillance cameras for security purposes for 2026 FIFA World Cup preparedness (For Information)

Issue: Whether the Library Board should authorize the County Librarian to provide Johnson County Emergency Services, the Johnson County Sheriff's Office, and relevant municipal law enforcement partners (hereinafter "County Emergency Management") with temporary live access to specifically designated exterior surveillance cameras for public safety, emergency preparedness, and security-related purposes during the 2026 FIFA World Cup period.

Suggested Motion: *This topic is being presented as an informational item this month.*

I move that the Library Board of Directors authorize the County Librarian to share access to exterior surveillance camera footage with Johnson County Emergency Services, the Johnson County Sheriff's Office, and applicable municipal law enforcement partners for security purposes for 2026 FIFA World Cup preparedness from June 1, 2026, through July 31, 2026, in accordance with the 2026 Surveillance Camera Resolution.

Background: The 2026 FIFA World Cup will take place from June 11, 2026, through July 19, 2026, with multiple matches and related events held in the Kansas City metropolitan area. These events are expected to significantly increase population, traffic, and public gatherings. County Emergency Management is preparing for these impacts and has requested temporary live access to exterior Library surveillance cameras to assist with public safety efforts and emergency response.

The Library operates exterior surveillance cameras for patron safety and security purposes. ARM 60-10-30 governs the use and dissemination of surveillance footage. Library Board authorization is therefore requested to allow a limited, temporary exception for World Cup-related preparedness, not to extend beyond July 31, 2026.

Analysis: The proposed resolution allows the County Librarian to grant County Emergency Management temporary live access to designated exterior cameras. Access is limited to exterior areas, authorized personnel, and use for public safety and emergency preparedness during the World Cup period. The Library has historically collaborated with the County to support public safety and coordinated emergency response efforts.

The proposed Resolution supports coordination with County Emergency Management while maintaining appropriate safeguards to protect patron privacy. The authorization is time limited, does not extend to interior cameras, and includes basic Library oversight to ensure access is controlled and used as intended.

Funding Overview: Not applicable

Alternatives: Not share camera access by providing surveillance images and footage only in accordance with ARM 60-10-30, which requires a direct request to the County Librarian after an event has occurred as part of a criminal investigation or a valid court order or subpoena or other legal requirements, including Kansas Open Records Act.

Recommendation: Approve the Resolution authorizing the County Librarian to provide temporary, limited access to designated exterior surveillance cameras to County Emergency Management for World Cup-related public safety and emergency preparedness purposes in June and July 2026.

Purchasing Review: Not applicable

Budget Review: Not applicable

RESOLUTION 2062-01 OF THE JOHNSON COUNTY LIBRARY BOARD OF DIRECTORS

2026 SURVEILLANCE CAMERA AUTHORIZATION

At a regular meeting of the Johnson County Library Board of Directors conducted on Thursday, May 14, 2026, there came before the Board for consideration the matter of adopting a Resolution to authorize the County Librarian to permit limited access to surveillance camera footage. The Johnson County Library Board of Directors, after full consideration, upon a motion duly made, seconded and carried, adopted the following Resolution to-wit:

WHEREAS, the Johnson County Library (“**Library**”) owns and operates exterior surveillance cameras on Library property for the purpose of promoting the safety and security of Library patrons, staff, facilities, and property; and

WHEREAS, the 2026 FIFA World Cup will take place from June 11, 2026, through July 19, 2026, with multiple matches and related events occurring in the Kansas City metropolitan area; and

WHEREAS, the FIFA World Cup is an extraordinary event expected to bring a substantial increase in visitors, traffic, public gatherings, and demand on public safety and emergency response resources throughout the region; and

WHEREAS, Johnson County Emergency Services, the Johnson County Sheriff’s Office, and relevant municipal law enforcement partners (hereinafter “**County Emergency Management**”) have requested temporary live access to certain exterior Library surveillance cameras for emergency preparedness, public safety response, and coordination during the FIFA World Cup period; and

WHEREAS, the Library Board recognizes the importance of supporting coordinated emergency preparedness efforts while continuing to protect patron privacy; and

WHEREAS, the Library’s surveillance camera policy, ARM 60-10-30, governs access, use, retention, and dissemination of surveillance images or footage, and the Library Board finds that a temporary, limited authorization is appropriate to address the enhanced security needs presented by this extraordinary event.

NOW, THEREFORE, BE IT RESOLVED BY THE JOHNSON COUNTY LIBRARY BOARD OF DIRECTORS, AS FOLLOWS:

1. **Temporary Access:** The Library Board authorizes the County Librarian to grant temporary live access to authorized personnel from County Emergency Management for exterior surveillance cameras on Library property for security, emergency preparedness, and public safety purposes related to the 2026 FIFA World Cup and associated regional impacts.

2. **Scope of Access:** This authorization is limited to exterior cameras located in public areas, including exterior entrances, parking areas, and other exterior public-facing areas of Library property. This authorization does not permit access to interior cameras or to any area where a person has a reasonable expectation of privacy.
3. **Use Limitations:** Access provided under this Resolution shall be used only for public safety, emergency preparedness, security response, and coordination of emergency services, in accordance with applicable law. Surveillance images or footage shall not be used for any other purpose.
4. **Privacy:** The Library remains committed to protecting patron privacy. Nothing in this Resolution amends the Library’s ordinary retention practices for surveillance images or footage as set forth in ARM 60-10-30, which remains effective, except as specifically authorized for the limited purposes described in this Resolution.
5. **Oversight:** The County Librarian, or the County Librarian’s designee, shall implement reasonable safeguards to monitor and document the access provided under this Resolution.
6. **Duration:** This authorization is temporary and begins June 1, 2026. The authority under this Resolution will automatically terminate on July 31, 2026, unless terminated earlier by the County Librarian or by further action of the Library Board.

Re: Leawood Library: Construction/Replacement Contract for Roof Top Units

Issue: Consider authorizing a contract with Carrier Corporation to replace mechanical equipment, Roof Top Units at Leawood Pioneer Library, in the amount of \$343,480.00

Suggested Motion: *This topic is being presented as an informational item this month.*
I move that the Library Board authorize a contract with Carrier Corporation to replace mechanical equipment, Roof Top Units at Leawood Pioneer Library, in the amount of \$343,480.00

Background: Facilities partners recommend the replacement of this equipment, along with related components that are nearing the end of their useful life. This replacement will improve system efficiency, enhance occupant comfort, and provide reliable service for years to come.

To deliver this work, Facilities has utilized the Region 14 Education Service Center (ESC) Omnia Partners Contract #159051 for HVAC and Building Control Systems, Equipment, Installation, and related services. This cooperative purchasing contract is administered by a governmental entity and provides access to prequalified contractors with competitively established pricing for public agencies.

Use of this contract is an approved procurement method by County Purchasing and is a standard approach utilized by both the Library and the County for construction and related projects.

Analysis: Library and Facilities staff identified this need through assessment data and recurring maintenance forecasts. Due to long equipment lead times, this contract is being brought forward in advance to ensure materials and equipment are delivered in time to complete the work prior to the winter season.

The scope of work will require a temporary closure of the branch. A detailed schedule and closure plan will be presented to the Board at a later date, once the timeline is more refined.

By contracting directly with the manufacturer, Facilities has secured highly competitive pricing, avoiding intermediary markups and reducing overall project costs.

Funding Overview: Funding for this work has been allocated in the approved 2026 CRP budget.

Alternatives: 1) Authorize the contract with Carrier Corporation
2) Do not authorize the contract.

Recommendation: Staff recommend the Library Board authorize a contract with Carrier Corporation to replace mechanical equipment, Roof Top Units at Leawood Pioneer Library, in the amount of \$343,480.00 using the Cooperative Contract #159051 for HVAC & Building Control Y Systems, Equipment, Installation and Related products & Services
